

HEALTH

Cross EXCHANGE LONDON 2016

Health is what is most precious for many of us. Thanks to our governmental laws, access to health services and care affordable and accessible to any eligible citizens or visitors. We are all under the National Health Services insurance and coverage.

All French citizens receive a « Carte vitale » and we are registered into the « national index of physical people » (RNIPP)

HEALTH

Cross EXCHANGE LONDON 2016

Access to care or to emergencies is easy at the local Jeanne de Navarre's Hospital

Or we go to our local General Practitioner's offices in town

Or we have to drive to Reims, or Soissons.

The Hotel Dieu used to be the former local hospital and many injured soldiers or civilians were looked after during the WWI

Today it is really worth visiting it as a museum

Careers and in health care or services are possible and numerous. In our school, students can:

- Prepare the ST2S A-Level (biology and social studies)
- Prepare the Scientific A-level (option biology)
- Prepare the BTS SP3S (social services and their organisations
- •Prepare the CAP Petite Enfance (working positions in nurseries)
- prepare the tests to enter Château-Thierry 's Nursing School with the FCIL

When they successfully pass it they can follow their studies to become doctors or nurses or any other healthcare positions

When we don't feel well at school, we go and pay a visit to the nurses or to the social workers if we need advice

Infirmerie

Le personnel soignant :

- Mme Brochot(B)
- Mme Tarrero (T)
