

NAME : Sofia D.

Hello, I am Sofia, I am seventeen years old. I am French. I always lived in little town next to Chateau Thierry, I was born here, and I will never leave this town. My parents have four children, the older is llyesse, my little sister is named Wafa, and my little brother Younesse.

I practiced nothing when I was young, I just enjoyed watching reports, shopping, and being with my family and friends. I really like learning other languages, like Spanish, Arab etc .

I am in Jean de la Fontaine, I study economics and social studies , because I love this subject.

I have many friends but just 6 are really important for me.

This person is really important to me, but you will meet just her , it's Morgane.

This is my sister and my cousin, they also are in DNL, but not in Château Thierry.
