

INTRODUCING MYSELF... MICHAEL ELIAS

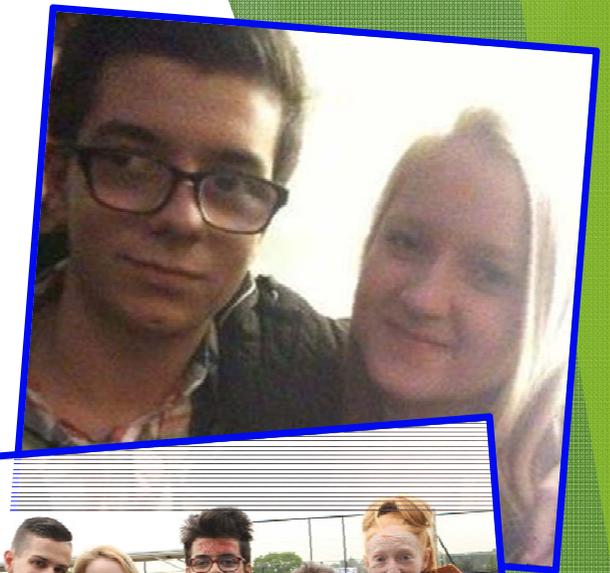

ERASMUS+ 2015-17

ABOUT ME...

My name is Michael Elias and I'm 17. I'm from North London and I live in Whetstone. My family are Greek & my dad, George, whose 46 is a London black cab driver, an Elvis Presley tribute artist & a drummer in a Greek band for wedding ceremonies, my mum, Rita, whose 50 is a school finance officer, I have a twin-brother Andrew and a pet cat, Rosie. I attend East Barnet School in Barnet, North London and I'm currently doing my A-Levels; which are Food Technology, Art & Design and Photography. I really enjoy Food Technology and Art especially, as I have a real passion for each of them. I'm now really enjoying also Photography as it's a very creative subject. I would say I'm extremely outgoing, funny, kind, caring to everyone and I would say I'm very loud and outspoken when I want to be, which makes my character. I'm really close with my fellow school friends; including Melissa, Emily, Michael, Liam, Priyesh, Lauren, Sarah, Brytnee, Kathleen, Samantha and also with my family; particularly my grandmother, as I'm a Nannys boy!

HOBBIES...

In my free time, I like going out with my friends, particularly to Camden Town as there are many attractions there and we love the Chinese restaurant. Every Friday/Saturday night, I see my really close friend, whose like my little sister, Andrea and we usually have a take away, play a board game and watch a film. I'm a humungous fan of the late Amy Winehouse, so I like listening to her music everyday, as her voice is very soulful and comforting. I really love children and I see my god-sisters and cousin quite often to spend time with them which is enjoyable. Most of all, I love my grandmother very much as I'm really closer with her, so I like to go and stay with grandparents, who live in Southgate, North London every holiday I have for a few days. We'd normally go out for lunch and look around the shops, as my grandmother's very obsessive of all the flowers, furniture and cutlery!
